PROFESSIONAL SUMMARY

Performance-driven Android & Flutter Developer with production experience building offline-first mobile applications using Kotlin, Jetpack Compose, and Dart. Skilled in architecting scalable MVVM & Clean Architecture solutions, deploying business applications to Google Play Store, and maintaining 99.8% crash-free stability across enterprise ecosystems.

TECHNICAL SKILLS

- **Programming Languages:** Kotlin, Java, Dart, Python, SQL, C/C++
- **Mobile Engineering:** Android SDK, Jetpack Compose, Flutter (Dart), XML Layouts, Activity & Fragment Lifecycle
- **Architecture & Frameworks:** MVVM, Clean Architecture, Jetpack Components (ViewModel, LiveData, StateFlow), Coroutines
- **Databases & Cloud:** SQLite, Room Database, Firebase (Firestore, Cloud Messaging - FCM, Auth, Realtime DB), Storage
- **Tools & DevOps:** Android Studio, VS Code, Git, GitHub, Linux, Google Play Console, Postman, Google Colab
- **Core Competencies:** Offline-First Caching, REST APIs, Retrofit, Performance Profiling, Agile Collaboration

PROFESSIONAL EXPERIENCE

Adyapan Edutech Private Limited · Android & Flutter Developer (Full-Time) Sep 2026 – Present

- Directing end-to-end mobile engineering and Google Play production releases for **2+ enterprise applications**, maintaining **99.8% crash-free sessions** and accelerating feature delivery by **25%**.
- Architecting scalable **MVVM & Clean Architecture** with **Room SQLite DB**, reducing server network calls by **40%** through reactive caching and real-time backend synchronization via **Firebase Firestore**.

Adyapan Edutech Private Limited · Android & Flutter Developer Intern Mar 2026 – Aug 2026

- Engineered **Lead Dialer CRM**, an enterprise sales application with one-tap automated telephony, call outcome tracking, and offline Room DB synchronization via **WorkManager**.
- Implemented **anti-spoofing biometric attendance** combining **CameraX** facial verification and **Google FusedLocationProvider** with strict **50m geofencing**, eliminating 100% of proxy check-ins.
- Constructed cross-platform frontends for **One School App** and **LMS** using Flutter and Kotlin, delivering targeted push alerts via **Firebase Cloud Messaging (FCM)** across **5,000+ active users**.

PROJECTS

Zoo Explorer (ZooVerse) [LIVE ON GOOGLE PLAY](#) [\[Google Play ↗\]](#) [\[GitHub ↗\]](#) Apr 2025

- Designed and published a comprehensive Android guide app on **Google Play Store** providing GPS navigation, animal encyclopedia, and dynamic transit maps.
 - Optimized app performance by **reducing screen load time by 90%** and ensuring smooth responsiveness across Android versions using **Room DB** and **Jetpack Compose**.
 - Spearheaded an in-app user feedback loop, directly incorporating visitor suggestions to refine UI/UX and **increase store ratings by 1.2 stars**.
- Tech Stack:** Kotlin, Jetpack Compose, Room DB, Google Maps SDK, Firebase, XML Layouts, Android SDK, Git.

Tic Tac Toe – Android Game with Computer AI [\[GitHub ↗\]](#) Nov 2024

- Developed a native Android game in **Kotlin** supporting 2 gameplay modes (Solo vs AI and 2-Player Pass-and-Play).
 - Engineered heuristic algorithmic decision logic to evaluate board states and select optimal moves with **zero latency**.
 - Structured state management handling win/draw detection, real-time status updates, and session persistence across **100% of activity lifecycle states**.
- Tech Stack:** Kotlin, Android SDK, XML Layouts, OOP, Activity Lifecycle, Git.

Learning Management System (LMS) [\[GitHub ↗\]](#) Dec 2022

- Built a modular LMS platform for remote education with course cataloging, student progress tracking, and secure authentication.
 - Implemented multimedia lecture delivery and collaborative discussion forums to boost student retention.
 - Led a four-member development team to build the platform, **improving active student engagement by 65%** through modular components.
- Tech Stack:** JavaScript, HTML5, CSS3, Modular Web Architecture, Git.

CERTIFICATIONS

- **Introduction to Android Mobile Application Development** – Meta, Coursera Oct 2024
- **Programming Fundamentals in Kotlin** – Meta, Coursera Nov 2024
- **Cloud Computing** – NPTEL Dec 2024

ACHIEVEMENTS

- **GeeksforGeeks – Institution Rank #500:** Ranked among top performers by solving algorithmic and data structure challenges.
- **Coding Ninjas Master League:** Qualified through consistent high performance in competitive programming contests.
- **Competitive Programming Consistency:** Solved **200+ algorithmic problems** across platforms (GFG, LeetCode, Coding Ninjas), optimizing time and space complexity.

EDUCATION

Lovely Professional University (LPU), Phagwara, Punjab · Bachelor of Technology in Computer Science and Engineering September 2022 – June 2026

S.N.S College, Motihari, Bihar · Intermediate (Science) · Aggregate: **67.6%** April 2020 – March 2022

Jeewan Public School, Motihari, Bihar · Matriculation (Class X) · Aggregate: **78.6%** April 2018 – March 2020
