Mobile: +91-7654253873

SKILLS

- Programming Languages: Java, Kotlin, Python
- Mobile Development: Android (Kotlin, Java), XML Layouts, Activity & Fragment Lifecycle
- Frameworks: Android SDK, Jetpack Components (ViewModel, LiveData, Navigation)
- Databases: SQL , Firebase Firestore, Realtime DB, SQLite
- Tools & Platforms: Google Colab, Linux, Android Studio, Git, GitHub
- Soft Skills: Adaptability, Teamwork, Leadership, Critical Thinking

PROJECTS

- [Zoo Explorer || GitHub](#)

Apr 2025
- Designed an interactive Android app that transformed the zoo visit into a smart digital guide with navigation, entertainment, and educational content.
 - Optimized app performance by reducing load time by 90% and ensuring smooth responsiveness across various screen sizes and Android versions.
 - Spearheaded the creation of a user feedback loop within the Android application, directly incorporating visitor suggestions to improve the zoo experience and increase app ratings by 1.2 stars.
 - **Tech Stack:** Kotlin, XML, Firebase, Google Maps SDK.
- [Tic Tac Toe – Android Game with Computer AI || GitHub](#)

Nov 2024
- Developed a complete Android game supporting Player vs Player and Player vs Computer modes.
 - Implemented computer opponent decision logic to automatically select optimal moves.
 - Designed game state management to track turns, detect winner, and handle draw conditions. Built interactive UI with real-time status updates and restart functionality
 - **Tech Stack:** Kotlin, Android SDK, XML Layouts.
- [Learning Management System || GitHub](#)

Dec 2022
- Built a comprehensive LMS platform for remote learning with features like course management, student tracking, interactive content delivery, and secure authentication, emphasizing modularity and scalability to support diverse educational needs.
 - Implemented interactive learning features, including quizzes, video lectures, and discussion forums, to enhance student engagement and retention.
 - Led a 4-member team to build a Learning Management System, improving student engagement by 65% through interactive features.
 - **Tech Stack:** HTML, CSS, JavaScript.

CERTIFICATES

- [Introduction to Android Mobile Application Development](#) – Coursera

Oct 2024
- [Programming Fundamentals in Kotlin Meta](#) – Coursera,

Nov 2024
- [Cloud Computing](#) – NPTEL

Dec 2024

ACHIEVEMENTS

- **GeeksforGeeks – Institution Rank #500:**
Ranked among the top performers by solving algorithmic and data structure challenges.
- **Coding Ninjas Master League:**
Qualified through consistent high performance in competitive programming contests.
- **Competitive Programming Consistency:**
Solved 200+ problems across platforms (GFG, LeetCode, Coding Ninjas), improving problem-solving speed and accuracy.

EDUCATION

- Lovely Professional University,
Bachelor of Technology - Computer Science and Engineering

Phagwara, Punjab

September 2022 - Present
- S.N.S College,
Intermediate; Percentage: 67.6

Motihari, Bihar

April 2020 - March 2022
- Jeewan Public School,
Matriculation; Percentage: 78.6

Motihari, Bihar

April 2018 - March 2020
