PROFESSIONAL SUMMARY

Mobile Application Engineer with verified production experience designing offline-first client solutions using Kotlin, Jetpack Compose, and Flutter. Proven record implementing reactive MVVM architectures, publishing applications to the Google Play Store, and sustaining a 99.8% crash-free session stability rate across production user bases.

TECHNICAL SKILLS

- **Programming Languages:** Kotlin, Java, Dart, Python, SQL, C/C++
- **Mobile Engineering:** Android SDK, Jetpack Compose, Flutter (Dart), XML Layouts, Activity & Fragment Lifecycle
- **Architecture & Frameworks:** MVVM, Clean Architecture, Jetpack Components (ViewModel, LiveData, StateFlow), Coroutines
- **Databases & Cloud:** SQLite, Room Database, Firebase (Firestore, Cloud Messaging - FCM, Auth, Realtime DB), Storage
- **Tools & DevOps:** Android Studio, VS Code, Git, GitHub, Linux, Google Play Console, Postman, Google Colab
- **Core Competencies:** Offline-First Caching, REST APIs, Retrofit, Profiling & Optimization, Agile Collaboration

PROFESSIONAL EXPERIENCE

Adyapan Edutech Private Limited · Android & Flutter Developer (Full-Time) Sep 2026 – Present

- Spearhead native Android and Flutter production releases for **2+ client-facing applications**, maintaining **99.8% crash-free sessions** and accelerating bi-weekly sprint delivery by **25%**.
- Engineer reactive **MVVM architecture** paired with **Room SQLite** caching, decreasing backend server requests by **40%** via automated data synchronization with **Firebase Firestore**.

Adyapan Edutech Private Limited · Android & Flutter Developer Intern

Mar 2026 – Aug 2026

- Built **Lead Dialer CRM**, an enterprise telephony tool enabling automated outbound calling with offline queuing via **WorkManager**, processing over **1,000 daily interaction logs**.
- Developed an anti-spoof biometric attendance system pairing **CameraX** facial selfie verification with **FusedLocationProvider** geofencing, eliminating proxy check-ins across a strict **50-meter perimeter**.
- Authored cross-platform student dashboards for **One School App** and **LMS** in Flutter, routing role-based navigation and broadcasting targeted notifications via **FCM** to **5,000+ enrolled users**.

PROJECTS

Zoo Explorer (ZooVerse) LIVE ON GOOGLE PLAY [\[Google Play\]](#) [\[GitHub\]](#) Apr 2025

- Published interactive zoo companion app on **Google Play Store** ([com.wildlife.zoexplorer](https://play.google.com/store/apps/details?id=com.wildlife.zoexplorer)), integrating **Google Maps SDK** with custom route-finding across **20+ animal enclosures** for **1,000+ visitors**.
 - Optimized UI rendering pipeline with **100% declarative Jetpack Compose** and reactive **Room Database** caching, slashing initial screen render latency by **90%**.
 - Formulated visitor feedback mechanism to iterate on usability, elevating public Google Play Store review rating from 3.6 to **4.8/5.0 stars (+1.2 boost)**.
- Tech Stack:** Kotlin, Jetpack Compose, Room DB, Google Maps SDK, Firebase Firestore, Android SDK, Git.

Tic Tac Toe – Android Game with Computer AI [\[GitHub\]](#)

Nov 2024

- Created native Android strategy game featuring dual gameplay modes (Human vs AI & Local Two-Player), logging **500+ completed matches** with zero ANR (Application Not Responding) events.
 - Programmed a zero-latency heuristic decision engine calculating optimal counter-moves within **sub-10 milliseconds** using minimax game tree evaluation.
 - Constructed unified state machine preserving board states, win/draw validations, and score counters across **100% of configuration changes and lifecycle events**.
- Tech Stack:** Kotlin, Android SDK, Custom Canvas/XML, Minimax AI Logic, OOP, Git.

Learning Management System (LMS) [\[GitHub\]](#)

Dec 2022

- Designed full-featured web education portal supporting **15+ structured courses**, student analytics tracking, and role-based authentication protocols.
 - Integrated interactive video lecture player, automated quiz evaluation, and community query forums serving **200+ enrolled students**.
 - Coordinated four developers as team lead to architect modular frontend components, driving a **65% increase in weekly student study engagement**.
- Tech Stack:** JavaScript (ES6+), HTML5, CSS3, REST Integration, Modular Web Design, Git.

CERTIFICATIONS

- **Introduction to Android Mobile Application Development** – Meta, Coursera
- **Programming Fundamentals in Kotlin** – Meta, Coursera
- **Cloud Computing** – NPTEL (IIT Kharagpur)

Oct 2024

Nov 2024

Dec 2024

ACHIEVEMENTS

- **GeeksforGeeks – Institutional Rank 500:** Solved complex Data Structures and Algorithms problems to rank among top university performers.
- **Coding Ninjas Master League:** Earned division qualification via consistent contest problem-solving accuracy and speed.
- **Competitive Programming Consistency:** Solved **200+ algorithmic challenges** across LeetCode, GFG, and Coding Ninjas with optimal asymptotic complexity.

EDUCATION

Lovely Professional University (LPU), Phagwara, Punjab · Bachelor of Technology in Computer Science and Engineering

September 2022 – June 2026

S.N.S College, Motihari, Bihar · Intermediate (Science) · Aggregate: **67.6%**

April 2020 – March 2022

Jeewan Public School, Motihari, Bihar · Matriculation (Class X) · Aggregate: **78.6%**

April 2018 – March 2020
