

GULSHAN KUMAR

Android (Kotlin, Jetpack Compose) & Flutter Developer

+91-7654253873 | gulshan.12216935@gmail.com | Sugauli, Bihar, India
linkedin.com/in/gulshan-kumar38 | github.com/Gulshankumar21 | Portfolio

SKILLS

- **Programming Languages:** Java, Kotlin, Python, Dart, SQL, C/C++
- **Mobile Development:** Android (Kotlin, Java), Jetpack Compose, Flutter (Dart), XML Layouts, Activity & Fragment Lifecycle
- **Frameworks & Architecture:** Android SDK, Jetpack Components (ViewModel, LiveData, StateFlow, Navigation), MVVM, Coroutines
- **Databases & Cloud:** SQL, SQLite, Room DB, Firebase Firestore, Realtime DB, Cloud Messaging (FCM), Storage
- **Tools & Platforms:** Android Studio, VS Code, Git, GitHub, Linux, Google Play Console, Postman, Google Colab
- **Soft Skills:** Adaptability, Teamwork, Leadership, Critical Thinking, Problem Solving, Agile Collaboration

PROFESSIONAL EXPERIENCE

Adyapan Edutech Private Limited · Android & Flutter Developer (Full-Time) Sep 2026 – Present

- Promoted to full-time App Developer; driving native Android and cross-platform Flutter application architecture, development, and Google Play deployments.
- Architecting scalable **MVVM architecture**, local reactive caching with **Room SQLite DB**, and real-time backend synchronization with Firebase Firestore.

Adyapan Edutech Private Limited · Android & Flutter Developer Intern Mar 2026 – Aug 2026

- Engineered **LeadDialer CRM**, an enterprise sales Android app with 1-tap automated telephony (ACTION_CALL intent), call outcome logging, and offline Room DB sync via **WorkManager**.
- Implemented **anti-spoof biometric attendance** using **CameraX** facial selfie verification and **Google FusedLocationProvider** with strict 50m geofencing, eliminating proxy check-ins.
- Constructed cross-platform frontends for **One School App** and **LMS** with role-based navigation and push notifications via **Firebase Cloud Messaging (FCM)**.

PROJECTS

Zoo Explorer (ZooVerse)  [Google Play ↗] [GitHub ↗] Apr 2025

- Designed an interactive Android app published on **Google Play Store** (com.wildlife.zooexplorer) that transformed the zoo visit into a smart digital guide with navigation, entertainment, and educational content.
- Optimized app performance by **reducing load time by 90%** and ensuring smooth responsiveness across various screen sizes and Android versions using Room DB and Jetpack Compose.
- Spearheaded the creation of a user feedback loop within the Android application, directly incorporating visitor suggestions to improve the zoo experience and **increase app ratings by 1.2 stars**.

Tech Stack: Kotlin, XML, Jetpack Compose, Firebase, Google Maps SDK, Room DB.

Tic Tac Toe – Android Game with Computer AI [GitHub ↗] Nov 2024

- Developed a complete Android game supporting Player vs Player and Player vs Computer modes.
- Implemented computer opponent decision logic to automatically select optimal moves.
- Designed game state management to track turns, detect winner, and handle draw conditions. Built interactive UI with real-time status updates and restart functionality.

Tech Stack: Kotlin, Android SDK, XML Layouts.

Learning Management System (LMS) [GitHub ↗] Dec 2022

- Built a comprehensive LMS platform for remote learning with features like course management, student tracking, interactive content delivery, and secure authentication, emphasizing modularity and scalability.
- Implemented interactive learning features, including quizzes, video lectures, and discussion forums, to enhance student engagement and retention.
- Led a 4-member team to build a Learning Management System, **improving student engagement by 65%** through interactive features.

Tech Stack: HTML, CSS, JavaScript.

CERTIFICATES

• **Introduction to Android Mobile Application Development** – Coursera Oct 2024

• **Programming Fundamentals in Kotlin** – Meta, Coursera Nov 2024

• **Cloud Computing** – NPTEL Dec 2024

ACHIEVEMENTS

- **GeeksforGeeks – Institution Rank #500:** Ranked among the top performers by solving algorithmic and data structure challenges.
- **Coding Ninjas Master League:** Qualified through consistent high performance in competitive programming contests.
- **Competitive Programming Consistency:** Solved **200+ problems** across platforms (GFG, LeetCode, Coding Ninjas), improving problem-solving speed and accuracy.

EDUCATION

Lovely Professional University (LPU), Phagwara, Punjab · Bachelor of Technology - Computer Science and Engineering September 2022 – June 2026

S.N.S College, Motihari, Bihar · Intermediate; Percentage: **67.6%** April 2020 – March 2022

Jeewan Public School, Motihari, Bihar · Matriculation; Percentage: **78.6%** April 2018 – March 2020
