PROFESSIONAL SUMMARY

Mobile Application Engineer with verified production experience designing offline-first Android and Flutter solutions using Kotlin, Jetpack Compose, and Dart. Proven track record deploying scalable client architectures, sustaining **99.8% crash-free stability**, and cutting backend server load by **40%** through reactive local caching architectures.

TECHNICAL SKILLS

- **Programming Languages:** Kotlin, Java, Dart, Python, SQL, C/C++
- **Mobile Engineering:** Android SDK, Jetpack Compose, Flutter 3.x (Dart), XML Layouts, Activity & Fragment Lifecycle, Material 3
- **Architecture & State:** MVVM, Clean Architecture, BLoC, Provider, Jetpack Components (ViewModel, LiveData, State Flow), Coroutines
- **Databases & Cloud:** SQLite, Room Database, Firebase (Firestore, Cloud Messaging, Authentication, Realtime Database), Cloud Storage
- **Networking & APIs:** RESTful APIs, Retrofit, Dio, JSON Parsing, Offline-First Sync, Postman
- **Tools & DevOps:** Android Studio, Visual Studio Code, Git, GitHub Actions, Linux, Google Play Console, Gradle, Agile/Scrum

PROFESSIONAL EXPERIENCE

Adyapan Edutech Private Limited - Android & Flutter Developer (Full-Time)

Sep 2026 - Present

- Spearheaded native Android and Flutter production releases for **2+ client applications**, sustaining **99.8% crash-free sessions** and accelerating sprint cycle delivery by **25%**.
- Engineered reactive client architecture with **Room SQLite** caching, cutting backend server requests by **40%** through asynchronous background synchronization with **Firebase Firestore**.

Adyapan Edutech Private Limited - Android & Flutter Developer Intern

Mar 2026 - Aug 2026

- Built **Lead Dialer CRM** with scheduled outbound calling and background job queuing, handling **1,000+ daily call records** while boosting sales outreach by **35%**.
- Developed biometric attendance module pairing facial verification with GPS geofencing, eliminating **100% of proxy attendance** across a **50-meter perimeter** for **200+ on-site personnel**.
- Authored Flutter dashboards for **One School App** and **LMS** with customized user access routing, pushing targeted FCM alerts to **5,000+ registered students** and lifting notification open rates by **28%**.

PROJECTS

Zoo Explorer [\[Live on Google Play\]](#) [\[Play Store\]](#) [\[GitHub\]](#)

Apr 2025

Core Tech: Kotlin, Jetpack Compose, Room DB, Google Maps SDK, Firebase Firestore, Git

- Published Kotlin zoo companion application on **Google Play**, embedding **Google Maps SDK** route navigation across **20+ wildlife zones** and surpassing **1,000+ verified downloads**.
- Optimized UI rendering pipeline via **100% declarative Jetpack Compose** and **Room DB** persistence, slashing initial screen render latency by **90%**.
- Formulated continuous in-app user feedback loops, elevating Play Store public score from 3.6 to **4.8 / 5.0 stars (+1.2 rating boost)** within **90 days**.

Tic Tac Toe - Android Game with Computer AI [\[GitHub\]](#)

Nov 2024

Core Tech: Kotlin, Android SDK, Custom Canvas/XML, Minimax AI Logic, OOP, Git

- Created Android strategy game featuring dual gameplay modes (Human vs AI and on-device Two-Player), recording **500+ completed matches** with **0 ANR incidents**.
- Programmed heuristic decision engine computing counter-moves in **under 10 milliseconds** via **Minimax** game tree logic, attaining a **100% victory outcome in AI mode**.
- Constructed centralized state management preserving game configurations, validation rules, and score tallies across **100% of device orientation changes** and lifecycle events.

Learning Management System (LMS) [\[GitHub\]](#)

Dec 2022

Core Tech: JavaScript (ES6+), HTML5, CSS3, REST API Integration, Modular Web Architecture, Git

- Designed web education portal supporting **15+ structured academic courses** with student analytics and tiered permission access, trimming administrative overhead by **40%**.
- Integrated interactive video lecture player, instant test grading, and community discussion boards serving **200+ learners** with a **95% course completion ratio**.
- Directed a team of 4 developers to construct modular frontend views, driving a 65% surge in weekly student learning engagement.

CERTIFICATIONS

- **Introduction to Android Mobile Application Development** - Meta, Coursera
- **Programming Fundamentals in Kotlin** - Meta, Coursera
- **Cloud Computing** - NPTEL (IIT Kharagpur)

Oct 2024

Nov 2024

Dec 2024

ACHIEVEMENTS

- **GeeksforGeeks - Institutional Rank 500:** Ranked among top university coders out of **5,000+ peers** by solving complex Data Structures and Algorithms problems.
- **Coding Ninjas Master League:** Secured Division Master standing with **92% accuracy** across regular algorithm contest challenges.
- **Competitive Programming Consistency:** Solved **200+ algorithmic problems** across LeetCode, GeeksforGeeks, and Coding Ninjas with optimal time and memory efficiency.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Sep 2022 - Jun 2026

Lovely Professional University (LPU), Phagwara, Punjab

Intermediate (Class XII, Science) - Aggregate: **67.6%**

Apr 2020 - Mar 2022

S.N.S. College, Motihari, Bihar

Matriculation (Class X) - Aggregate: **78.6%**

Apr 2018 - Mar 2020

Jeewan Public School, Motihari, Bihar
